

COVID-19 RESPONSE

Our thoughts and prayers are with all of you as we face these uncertain times together. We understand how meaningful our worship gatherings and other social gatherings are to you. Our communal life in the church is vital to our faith as Christians. These are indeed difficult and trying times that we are living in. With that in mind, we also want to work with our wider church and governmental authorities in flattening the curve so people can stay healthy through this pandemic.

Effective immediately, the board in consultation with the staff, have suspended worship services, all social gatherings, and rental group gatherings at All Saints Lutheran Church indefinitely.
